Hello Tristan,

Forefront were our natural first choice for selling our property in Swindon. The low fee saved us a substantial amount of money in comparison to other estate agent's fees in the area. We did not feel we were at any disadvantage using a non-traditional agent as our property was well advertised on the internet and generated a steady stream of viewings which resulted in our property being sold. The customer service was first class at all times. We can't believe that anyone who wants to sell a property would want to pay high estate agent fees when this affordable, professional alternative estate agent is available.

Cara*

We would recommend Forefront to anyone looking to sell their home. We were happy with the service we received from you in 2009 when selling our property in Kingsdown Park. The advertising and photos shown on the web were excellent and we were delighted when we accepted an offer within two weeks of marketing the property. The real bonus came on completion when the balance of your low fixed fee was paid, which was significantly less compared to quotes we had received from other estate agents.

Hi Tristan and Claire,

We found from the initial meeting with Forefront you were very professional and straight to the point about all our questions. Other estate agents spent far too much time saying how great they were compared to anyone else. The low cost of £800 was fantastic - it brought the house moving bill down dramatically! Other estate agents were asking for more than double than Forefront, for doing exactly the same job! We found Forefront friendly, very professional, always ready to answer any questions promptly and a bargain price. We would recommend Forefront to anyone.

Take care

Hi Tristan,

I was really pleased with the very competitive fee from Forefront. I was worried that this would inevitably mean I received a lower quality service than a traditional estate agent. However, this was most definitely not the case. Forefront were fast and efficient, and the staff at Forefront, especially Claire, stopped the sale from falling through, giving better advice than my legal team! I would thoroughly recommend Forefront, they exceeded my expectations on price and quality.

Hi Tristan,

I would have no hesitation in recommending Forefront, you were great. We used Forefront, my mum used Forefront when she sold 42 Stoneybeck Close and my friend Gill Rammond from Hamstead Way used you from our recommendation.

The Forefront team provided a premium service from start to finish with the sale of our house, but charging only £800 (plus VAT) meant we didn't have to pay a premium fee.

I am on your website most days just watching and waiting to see what's happening in the market. Darren and I are planning to buy again in the new year, so hopefully Forefront will have the house we are looking for.

*Kind regards,
Claire*

Hi Tristan,

Hope business is going well, happy to help out...

The first time we moved house in Swindon we used Forefront as their fee was amazing yet the service was just as good as all the rest charging a percentage of the sale. Since then I have not hesitated to use them again and always recommend them to friends. The personal touch and extremely helpful staff made it a pleasure.

Regards, Steve

Dear Tristan,

I was very pleased about the service Forefront provided in the sale of our property. Having had to sell during the economic downturn, Forefront were always realistic with regards to current property values and ensured the sale went through as smoothly as possible, providing any information necessary. I would be very happy to both recommend them to others and use their services again - should the need arise - and felt their low fee was more than value for money.

Kind regards,

Susan
